RE: Ordinance Request

---

Please forward the appropriate paperwork to Jack Detty to prepare an Ordinance for the next City Council Meeting to appropriate \$13,000.00 for fund # 701 Water Fund. This \$13,000.00 should be appropriated as follows:

701-7510-53036	Gas Fuel & Oil	\$13,000.00
----------------	----------------	-------------

These additional appropriations are needed to pay for gas fuel & oil. See attached explanation from Greg Wilson, Water Plant Supervisor.

**Re:** Additional Fuel Oil Appropriations

---

**Mayor Goodman,**

Please consider the need for additional money to service the requirements for furnace fuel oil of \$13000. Last year the budgeted amount of \$15000 was thought to be enough but fell short by about \$8000. Monies were shifted from other accounts to fund the fuel expenditures. Also, the furnace was out of commission for part of the late winter and spring seasons as repairs were completed. During that time we utilized portable propane heaters. Due to the original replacement of the furnace two years ago, an accurate budget number for fuel oil has not been able to be established. The realization of such a large cost estimate for fuel has prompted me to start looking into another means of heating the water plant. Meetings have already been scheduled to study the possibilities.
