RE: Ordinance Request

---

Please forward the appropriate paperwork to Jack Detty to prepare an Ordinance for the next City Council Meeting for reduction of appropriations in the Water Plant Project Fund as follows:

410-7510-53074	Project Expense – EPA	(\$129,850.00)
----------------	-----------------------	----------------

These appropriations should be reduced because originally we thought that the A.R.R.A. funds used to fund the water plant dewatering project could be accounted for in this fund but now these funds must be segregated and so we have created a new fund to accomplish this.

This should be considered an emergency so that these can be reduced to bring the City into reporting compliance with A.R.R.A. guidelines.
