

LEGAL NOTICE
REQUEST FOR PROPOSALS
For
Qualified Engineering Firms
CITY OF JACKSON, OHIO

The City of Jackson, Ohio is seeking proposals from qualified engineering firms to conduct an engineering study of flooding that occurs along Salt Lick Creek in the City of Jackson. The City of Jackson desires to evaluate and determine recommendations for improvements to mitigate excessive and chronic flooding that occurs in this area.

Study development will include collection, review, and analysis of existing data and hydrologic and hydraulic modeling of existing conditions for issues identification. Alternatives to be developed and then further refined based on budget costs, modeling results, and benefit-cost analyses. It is anticipated the study will take approximately one year to complete.

Detailed instructions are available and do hereby become part of the legal ad. Questions regarding the project should be directed to David Swackhammer, Service Director, at projects@jacksonohio.us or 740-286-2201.

Sealed proposals marked “Proposal for Salt Lick Creek Flood Study”, will be received by the City of Jackson Mayor’s Office, 145 Broadway Street Jackson, Ohio 45640 no later than 4:00 p.m., local time, February 2, 2024.

The estimated cost of this project is \$395,000.00. This project shall be partially funded with Federal dollars and, therefore, additional federally required provisions shall be included in the scope of this project.

All firms, including minority owned, female owned, or small businesses are encouraged to submit proposals.

The City of Jackson will follow competitive negotiation procurement procedures. The City of Jackson reserves the right to reject any or all proposals, to waive technical or legal deficiencies, to proceed or not to proceed with any subsequent proposal process, or to negotiate without further process any contract as may be in the best interest of the City.
