

Intermittent Lane Closure

The City will begin this seasons curb repairs / replacements starting March 21, in preparation for the City / ODOT paving projects, in the areas of Main Street, Bridge Street, Athens Street and Morton Street.

Beginning the week of March 21st, the southbound lane of Main Street, from South Street to the Main Street entrance of Walgreens, will be closed.

All southbound traffic will use the middle turn lane to continue south. Turns from Main Street onto South Street, from the northbound lane, will need to be made from the northbound curb lane.

Watch for traffic cones in the area.
