### Sewer Rate Announcement

In Accordance with Codified Ordinance, Sewer section: 927.05, 26C. #3, paragraph 3 reads:

Each user shall be notified at least annually, in conjunction with a regular bill, of the rate and that portion of the sewer service charge which is attributable to Operations, Maintenance and replacement costs of wastewater treatment services.

The following is based on 2022 numbers:

**Example: if your sewer bill is \$100.00**

Operations: 45%

Operations:  $\$100.00 \times 45\% = \$45.00$

Maintenance: 16%

Maintenance:  $\$100.00 \times 16\% = \$16.00$

Replacement: 21%

Replacement:  $\$100.00 \times 21\% = \$21.00$

Debt Service: 18%

Debt Service:  $\$100.00 \times 18\% = \$18.00$

The link for this information will be placed on the December 2023 bills to our customers.
